

Based on independent R&D design, equipped with wicket of counterweight tower to form I-chill

of family series of fine, provide more choices for customers.

Follow international advanced design idea, comes from the Transformers of the design concept,

attractive and distinguished.

Less floor space, light and durable, co-ordinate bright color , dynamic fashion.

Upgrade series, optimal adjustment of equipment' s structural, unified spare parts, adapt to the needs of users.

According with ergonomics and biomechanical principle, the movement of the motion arms

scientific and rational, makes exercising smooth .

One-time-forming cushion makes it more comfortable and durable.

The premium and durable cable is covered with PVC material.

The selection pin for weight stacks with strong magnet to make the movement more safe.

The linked motion arms make the strength training more balanced.

The motion route and the long handles allow the user to easily find the best training prostitution.

The foot pedals help the user to minimize the pressure on the chest pad.

The seat can be adjusted to the user' s desired range of motion when used.

Specifications

DIM: (L) 1350*(W) 1310*(H) 1750mm

N. W. : 197KG

Weight stack:

Standard: 80KG

Max: 120KG

Muscles trained: Latissimus dorsi, Teres major muscle,

Posterior deltoid, Biceps, Trapezius
